Forecast For East of England
Issued by Met Office Exeter
at 0400 on Tuesday 04 May 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cold and mostly unsettled weather continuing. Overnight frosts.

Today:
A cold and clear start leading to a bright or sunny day with scattered showers. Showers perhaps heavy at times through the afternoon, possibly with hail further east. Maximum temperature 13 deg C (55 deg F).

Tonight:
Showers dying away through the evening and becoming confined to Norfolk by midnight. All parts dry and clear by the early hours. Isolated mist patches by dawn. Local frost inland. Minimum temperature -1 deg C (30 deg F).

Thursday:
Another cold day, bright spells through the morning but cloud thickening with showers developing through the afternoon, locally heavy, perhaps with hail. Showers dying out later with clear spells developing. Maximum temperature 13 deg C (55 deg F).

Outlook for Friday to Sunday:
Sunny spells and isolated showers on Friday, many parts dry. A dry start Saturday, then wet and windy from mid-morning. Windy with further heavy showers on Sunday. Overnight frosts.
